WINTER 2021

WOMEN WITH A FOCUS

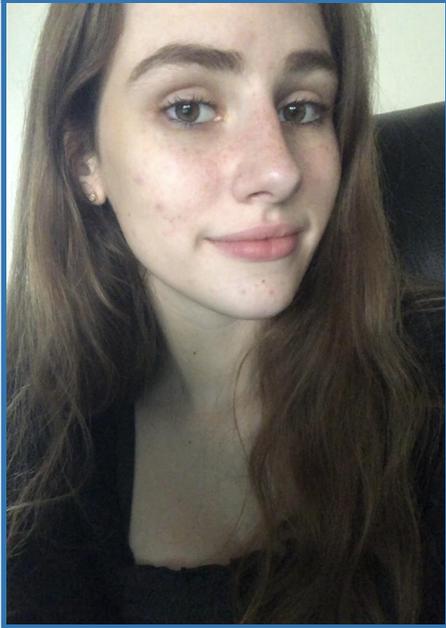

CONGRATULATIONS TO OUR GRADUATES: SARA, ALEX, LARA, MARISSA, NADA, SHIVANI, AND KATE!

We are proud to have seven of our sisters move into a new chapter in their lives. They have supported and guided the younger active sisters by being great role models for us to follow. We wish you the best of luck and thank you for paving the way!!

A WORD FROM OUR GRADUATES:

Sara Al-Delhmawi: “My favorite memory with AOE is definitely Day Away Fall 2019! That day was my first time experiencing Day Away as an Active Member instead of a Candidate. I also got my amazing little, Lara, that day which was super fun! Something I’ll miss the most about the sorority is the Sisterhood events that are held every semester. After graduation, I will be starting my job at ZF Group! What excites me most about the future is its uncertainty; anything and everything is possible!”

Alex Lazaros: “My fondest memories of the sorority involve just casually hanging out with my fellow sisters, unplanned, before or after meetings or just at random times when we see each other in the UC. I’ll miss that, and I’ll also miss getting to know the new sisters/candidates each semester. After graduation, I’ll be working full time as a Research and Development Engineer at Toyoda Gosei. I’m excited to no longer have to study for exams, lol. And to see what new opportunities may be ahead of me!”

Lara Harp: “My fondest memory was my first (and only) Day Away when I was a candidate. It was such a fun time where I was able to create everlasting bonds with my sisters. The thing I will miss most about the sorority are the traditions (candidacy, meeting, and all other events). With all of the things that I've learned in the past four years, I'm really excited to finally step into the real world and create the future I've always wanted.”

Marissa Mason: “My fondest memory is our first buds thorns and roses. We were still a small and we all got to bond over our troubles and excitement. I'm going to miss the sisterhood, but I know the friends I've made will still be there for me. I got a temporary job at RHB Laboratories and will be looking for a job in engineering in about a year. I'm excited for all the new places I'll see and the new people and friends I'll meet!”

Shivani Patel: “My fondest memories are spending time outside of school with the other sisters. I'll definitely miss seeing them on a daily basis, especially since the pandemic cut it short for all of us. In the Fall, I start my master's in Biomedical Engineering at UofM Ann Arbor. I'm really excited about becoming a professional engineer and helping out as many people as I can during my working career!”

Katharina Grenn: “My fondest memory of the sorority is meeting some of my lifelong best friends. From hanging out to grabbing food to overall sisterhood I'm going to miss it IMMENSELY. I loved my time and still hang out on the regular with sisters! My post graduation plans include starting a job with the Defense Contractor DCS Corporation as a mechanical engineer and a Summer Fellowship sponsored by Pentagon through the National Security Innovation Network (NSIN) to work with the Naval Base Corona at the Fallbrook Detachment in California. In the Fall or Winter Semester I plan on hopefully attending Grad school. I am most excited for starting my career and seeing what my path is. Its been a long 5 years of undergrad as a dual Mechanical and Manufacturing Engineering Major so I'm looking to travel!”

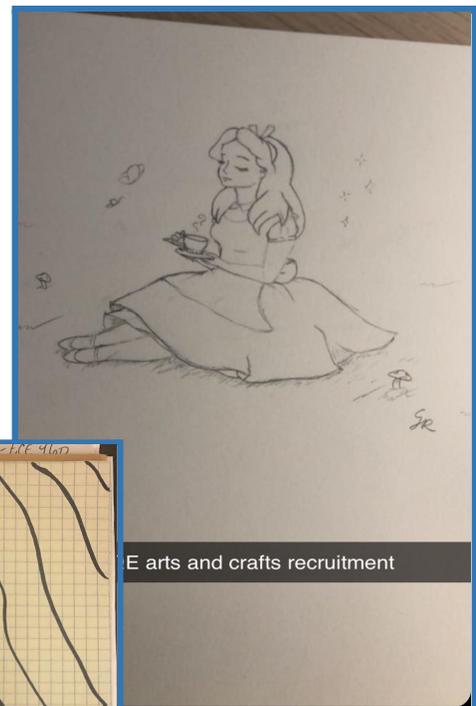

Nada Khazaal: “I really enjoyed Day Away and bonding with my candidate class. I’m currently working as a dental assistant and applying to dental schools. I’m most excited about opening up my own dental practice.”

“You’re off to great places! Today is your day! Your mountain is waiting. So ... Get on your way!” – Dr. Seuss

RECRUITMENT WEEK

We had a successful Recruitment Week despite all events being online. We can thank our amazing Vice President, Shivani Patel, for her amazing work. The events varied from watching movies, playing games, and arts and crafts.

ACTIVE INITIATION: WELCOME BETA Pİ!

Active Initiation went well, and we are excited to welcome Yara and Paola, our two new sisters!!

A WORD FROM OUR NEW SISTERS:

Paola "Khaleesi" Xhelaj: "My favorite part of this semester was the candidacy process. I loved seeing Alex every week (even though it was through Zoom). To be honest, I did have a difficult semester but in the end it turned out well. Hopefully we go back in person this fall, that's all I have to say for this virtual experience. Happy to be an active now! <3<3"

(Alex was our MED this semester!)

Yara "Hurriyah" Elayyan: "As this was my first semester with AOE, of course my favorite part was the candidate process. I learned so much about all aspects of the sorority and all of the members. Everyone was extremely welcoming and I'm happy to be an active now! This semester wasn't too bad in terms of classes as I think I've gotten somewhat used to everything being online. However, I definitely would love to be back on campus and would love to see everyone's faces!"
